

CENTRAL NEW YORK OIL AND GAS COMPANY, LLC

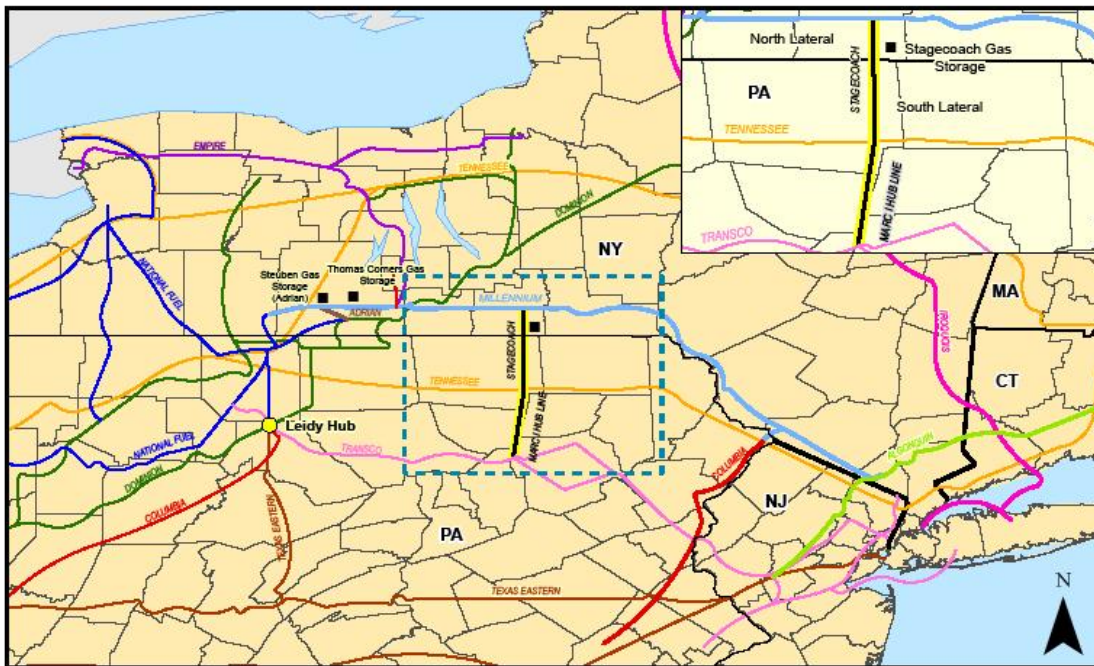

ANNOUNCES TWO NON-BINDING OPEN SEASONS

MARC I HUB LINE AND NORTH-SOUTH PROJECT

Central New York Oil and Gas Company, LLC (“CNYOG”), a wholly owned subsidiary of Inergy Midstream, LLC is conducting two non-binding Open Seasons. The first Open Season is for the “MARC I Hub Line” and the second is for the “North – South Project”. Together, these projects would allow shippers to wheel gas bi-directionally on firm basis to and from the Millennium Pipeline in Tioga County, New York, approximately 75 miles to and from Transcontinental Gas Pipeline Corporation’s (“Transco”) Leidy Line near its CS 517 and to and from all points in-between.

CENTRAL NEW YORK OIL AND GAS COMPANY, LLC

MARC I HUB LINE AND NORTH-SOUTH PROJECT

The MARC I Hub Line project seeks to gauge interest for Northeast shippers seeking to move gas bi-directionally between the South Lateral of CNYOG’s Stagecoach Gas Storage Facility (“Stagecoach”), Tennessee Gas Pipeline Company’s (“TGP”) 300 Line near its CS 319, and Transco’s Leidy Line near its CS 517.

The North-South Project seeks to gauge interest for shippers seeking to wheel gas on a firm basis through the existing North and / or South Laterals of Stagecoach to / from: TGP's 300 Line; CNYOG's MARC I Line (proposed); the Stagecoach Gas Storage Facility; and the Millennium Pipeline.

Rates, including fuel retention, for both projects will be determined after the conclusion of this non-binding Open Season and are dependent upon the final scope of the facilities and firm service commitments. Indicative rates are provided for both projects in each of the projects non-binding Open Season Packages.

Non-binding Open Seasons for both projects will commence on July 24th and close August 21st, 2009, 5:00 p.m. CST.

The anticipated in service date is October 1, 2011.
